

# Faith in the Shift

## Lighthouse Church | March 22, 2020

### Obedience in Faith

Gen 6:5-14

God asked Noah to do something to build an ark before the skies darkened and before the floods came. And he did it.

**Our faith is determined in our daily routine not in middle of a crisis.**

Noah had faith when the skies were dry and it sustained him when the flood came.

**Everyone finds faith in the moments of desperation but what God is asking for is what born out dedication.**

Our faith is determined in our daily routine not in middle of a crisis.

**There is a faith born out of obedience that sustains us when the shifts in life move us to the unexpected.**

### Remaining faithful in the waiting

Gen 7:11-19

Gen 8:1-13

In the midst of a flood with no end in sight Noah's foundation of faith sustained his longing.

We know Noah wanted off the ark because he kept sending birds out. And even when the dove returned with nothing his faith was in a big God who could flood the earth and sustain it.

**When we are unsure of what's next God sustains us in the waiting.**

### God affirms his faithfulness to the righteous

Gen 9:8-17

After the time in the ark. Noah worshiped God for his faithfulness. And God made a covenant with the one who was righteous and obedient in his faith.

The reward of being faithful and obedient to God is God!

He is constant when the floods come!

He sustains in the moments of waiting!

He Honors those who honor him!

He is the God who can flood the earth but is also the God that saved the earth!

He desires our obedience through faith daily. In bad times and in good times.  
During the disasters and during our comfort.
